

DE MONTFORT UNIVERSITY

DUBAI

Why Choose De Montfort University

Founded in 1870, De Montfort University (DMU) Leicester has grown into a global institution with 26,000 students and 2,600 staff. Our passionate and enthusiastic lecturers have excelled in the National Teaching Fellowship awards – the most prestigious awards for excellence in higher education. Our academics have industry experience, and our researchers have made a real difference in people's lives.

Our courses embed employability in their curriculum, and our research feeds into students' learning. DMU Leicester has been ranked in the top 20 universities for graduate prospects in The Sunday Times Good University Guide 2020. Previous DMU graduates have gone on to win Oscars and work with organisations such as the BBC, HSBC, Nike, BMW and the NHS. At DMU Dubai, we welcome students from all backgrounds and are proud to offer the perfect combination of award-winning teaching, excellent facilities and a fantastic student experience.

Schools and Departments

All De Montfort University (DMU) students belong to one of our four faculties. Each faculty delivers a wide range of courses to students, oversees world-changing research, and fosters enviable commercial links that inform our teaching and ensure DMU courses are relevant to modern employers.

The Faculty of Arts, Design and Humanities brings together DMU's creative disciplines. Its courses range from traditional to boundary-pushing, and research is rated internationally excellent. Names such as shoe guru Jimmy Choo and novelist Adele Parks have lectured students thanks to the faculty's unique industry links.

The Faculty of Business and Law delivers a wide range of undergraduate and postgraduate courses, including accounting, law, politics, marketing and business studies, designed with employability in mind.

The Faculty of Health and Life Sciences educates and develops current and future healthcare professionals. Our long-standing expertise and strong links with the industry ensure our students get a head start in their careers. Our strong links with industry leaders and direct input from experienced professionals ensure our courses provide students with the essential and specialist knowledge and skills required for graduate jobs.

The Faculty of Computing, Engineering and Media trains engineers, computer scientists and media technologists. From cyber security and games programming to electronic engineering and radio production, teaching and research are exceptionally varied and constantly updated and enhanced to ensure industry relevance.

Research Strategy at De Montfort University

At DMU, we have an ambitious Research Strategy which aims to make research central to our mission as a university. As a university committed to the public good, we have a track record of research that impacts society and makes a real difference in people's lives through improvements to health and well-being, infrastructure, creativity, economic growth, business and civil society.

Our commitment to research is integral to our aim to develop our students as critical thinkers. It was recognised that our research "fed into the curriculum through a focus on application to real-world settings and research-led work placements". As the United Nations (UN) designated Global Hub for Sustainable Development Goal (SDG) 16 - the only UK university to be designated as such - we have the commitment to address the UN SDGs in our research, teaching and enterprise activity.

Internships, Careers and Placement

 DMU Dubai careers department aims to assist University students and graduates to make informed career choices by providing a professional, high quality careers guidance and information service for students. This includes a number of sector specific careers fairs and insight events organised at DMU Dubai Campus throughout the academic year. The aim of these events is to make students aware of the work experience, internship and permanent positions available. We also encourage earlier years to attend such events as a useful way to develop their understanding of industry.

Scholarships

 DMU Dubai offers a wide range of scholarships to eligible applicants. To know more and to apply for one or more of these scholarships, please contact the Admissions Office.

Apply

 We accept applications up until the start of each intake subject to availability of places on the programme applied for. To know more please contact the Admissions Office.

“Choosing the right university is a major decision for your child. As a parent or guardian, you’ll want to help them to find a course and university that they’ll love and will get them where they want to be in life. At DMU each university department has a nominated Digital Education Lead who receives central support and training and acts as a champion and mentor for other teaching staff.”

A great way to see all that DMU has to offer is to visit one of our Open Days with your child.

Prof. Michael Gallimore

Head of Campus
De Montfort University Dubai
